

For the past three years, Masterworks has benefited from the incredible generosity of the DeFehr's who have donated space in their building for us to operate. They have very recently made a decision to lease the building to a new tenant to produce the needed revenue to cover occupancy costs of the very large facility. In order for the new tenant to begin renovations and occupancy sometime in January, we will need to relocate as soon as possible. We are working towards being in a new location by mid January.

We have been aggressively pursuing multiple options of where we might relocate. After reviewing all the options we had looked into, we concluded that the best solution would be to bring Masterworks to our head office location, which is the YFC Centre, better known as the Fire Hall, located at 325 Talbot Street. This is just 10 minutes away from our current location.

Our prayer is that you would be patient with us as we go through these changes and that you would continue to be part of Masterworks family.

Classes will continue on January 4th (make up classes for the Saturday Creative Movement and the Mix'N Match starting at 9:30am are still happening on January 2) at our current location 770 Pandora Ave East until mid January. We will announce the specific date as soon as we know the timeline when the new renovations will be complete and ready to occupy.

Below is a map of the new location. 325 Talbot St.

The Schedule will remain the same.

We understand that for some families, this move may not be suitable. We will offer a full refund for any paid sessions for the January to May term, to families who can-not follow us because of the change in location. It would really help us to have confirmation that you have received this email and that you will continue with Masterworks beginning January 4th as we will be doing a phone call follow-up of all those registered who we don't hear back from, to ensure everyone has received news of these changes. Please respond to this email by Monday Dec. 28th letting us you plan to continue with Masterworks in the new year.

We praise God for His provision during this Christmas season.
Thank you for your support and understanding,
Kristie Sidwall
